## RBI GUIDELINES ON CYBER SECURITY

June 09 - 12, 2020

---

### Introduction

The Reserve Bank of India (RBI), being the regulatory body for the Indian Banking System, circulates guidelines on various aspects. For the last few years, banks and other financial organisations have become the soft targets for cybercriminals. Attacks such as Ransomware, malware insertion, phishing emails, DDos are thriving exponentially.

Moreover, during the current scenario, when the COVID-19 pandemic has hit hard, many bank employees are working from home. They are using remote access, video conferencing tools to continue the work. Cybercriminals are trying to exploit this situation. To reduce the risk, RBI periodically circulates guidelines on cyber security. These guidelines encompass not only new cybersecurity policies or infrastructures for the bank but also increase the awareness of the employees and the customers on cyber frauds.

### Objective

The objective of this e-Programme is to enlighten the participants regarding the recent cyber frauds on banks and RBI measures to mitigate the risk factors. It will help the banks to strengthen their cyber security provisions.
