

IN BANKING TECHNOLOGY
(ESTABLISHED BY RESERVE BANK OF INDIA)
CASTLE HILLS, ROAD NO. 1, MASAB TANK, HYDERABAD - 500 057

**ONLINE CERTIFICATION PROGRAMME IN
IT AND CYBER SECURITY FOR BOARD MEMBERS**

(March 03 – 04, 2022)

BACKGROUND

The Reserve Bank of India has recently emphasised the need to enhance the management's awareness in banks, of the IT and Cyber Security issues in a systematic and structured manner and advised that they undergo awareness /certification programmes in this area.

This is a critical need since banks have increasingly become targets for cyberattacks as the criminals eye financial gain. The attackers target banks infrastructure. Recent years have seen a series of malware based attacks like crypto-ransomware and attacks on SWIFT infrastructure. DDoS is also envisaged as an emerging threat for banks.

There are attacks exploiting customers too. Examples include phishing/vishing scams or exploiting vulnerabilities of the devices that customers are using. Hence, banks are required to adopt manifold strategies to combat cyber-attacks. On the one hand, they have to embrace new technologies to protect their infrastructure. On the other side, they have to take awareness initiatives for their employees and customers.

OBJECTIVES

The objective of this e-programme is to enlighten the participants with the knowledge of cyber defence. In turn, it will help banks to strengthen their cyber security posture. The two-day e-programme aims to cover several aspects of cyber security and cyber forensics.

Exposure to relevant clauses of IT Acts will also help participants to understand their position in the techno-legal scenario that arises due to cyber-attacks. The e-programme will strengthen the participants in cyber security. They will be able to practice appropriate technologies and strategies to counter cyber threats.

COURSE CONTENTS

- Principles of Cyber Security
- IT/Cyber Security Governance
- IT/Cyber Risk
- Cyber Risk Mitigation
- Data Sensitivity/Privacy Issues
- Cyber Security Operation Centre
- Cyber Insurance
- Internal Audit framework.

PARTICIPANTS PROFILE

Board Members of Banks (including MD & CEO, and EDs).

DURATION

This two-day e-programme will be offered till March 2022 on the following dates:

I. March 03 – 04, 2022

ASSESSMENT AND CERTIFICATION

The Assessment and Certification process would include Group Discussion, Presentations, Case Study, Online Quiz, etc. On successful completion, participants would be awarded the “Certificate in IT and Cyber Security”.

The Assessment and Certification of the programmes is done under the guidance of the Certification Programmes Advisory Committee headed by Prof. H. Krishnamurthy, Chief Research Scientist, IISc.-SERC, Bangalore.
