CASTLE HILLS, ROAD NO. 1, MASAB TANK, HYDERABAD - 500 057

**ONLINE CERTIFICATION PROGRAMME IN
IT AND CYBER SECURITY FOR SENIOR MANAGEMENT**

(December 09 – 10, 2021; December 21 – 22, 2021; January 04 – 05, 2022; January 11 – 12, 2022;
January 27 – 28, 2022; February 10 – 11, 2022; February 24 – 25, 2022; March 15 – 16, 2022.)

BACKGROUND

The Reserve Bank of India has recently emphasised the need to enhance the management's awareness in banks, of the IT and Cyber Security issues in a systematic and structured manner and advised that they undergo awareness /certification programmes in this area.

This is a critical need since banks have increasingly become targets for cyberattacks as the criminals eye financial gain. The attackers target banks infrastructure. Recent years have seen a series of malware based attacks like crypto-ransomware and attacks on SWIFT infrastructure. DDoS is also envisaged as an emerging threat for banks.

There are attacks exploiting customers too. Examples include phishing/vishing scams or exploiting vulnerabilities of the devices that customers are using. Hence, banks are required to adopt manifold strategies to combat cyber-attacks. On the one hand, they have to embrace new technologies to protect their infrastructure. On the other side, they have to take awareness initiatives for their employees and customers.

OBJECTIVES

The objective of this e-programme is to enlighten the participants with the knowledge of cyber defence. In turn, it will help banks to strengthen their cyber security posture. The two-day e-programme aims to cover several aspects of cyber security and cyber forensics.

Exposure to relevant clauses of IT Acts will also help participants to understand their position in the techno-legal scenario that arises due to cyber-attacks. The e-programme will strengthen the participants in cyber security and they will be able to leverage appropriate technologies and strategies to counter cyber threats.

COURSE CONTENTS

- Basic Principles of Cyber Security
- Cyber Security Governance
- IT Risk Management
- Business Continuity Management
- Roles of Business Heads in Cyber Security
- Cyber Security Framework
- Trends and Techniques in Cyber Security

PARTICIPANTS PROFILE

Senior Management of Banks (CGMs, GMs, DGMs).

DURATION
