Rolling Advertisement for Research Trainee

IDRBT - The Institute (<https://www.idrbt.ac.in/about-idrbt/>):

The Institute for Development and Research in Banking Technology (IDRBT), established by the Reserve Bank of India, is a premier Institute for adoption and absorption of Banking Technology. The Institute spearheads efforts in providing state-of-the-art Digital Public Infrastructure and Product Development for public good through applied Research, Executive Education, Consultancy, etc. so as to continuously enable the technology transformation. Please see the genesis and journey on link above.

Opportunity for Skill Development

The prospective candidate will have opportunities to learn on the job and also can hone their functional skills and expertise in various areas of specialization. The Institute offers a variety of EDPs for Banking and non-banking sector executives. It has six Research Centres for various emerging technologies and labs, provides a platform to Ph.D. students for conducting research on niche technologies and their applications in industry. These experiences provide an unbeatable platform to build and augment the career. These experiences provide an unbeatable platform to build and augment the career because of the sheer variety of work being done at IDRBT.

Position: Research Trainee
